

PUBLIC NOTIFICATION

FAILURE TO ADEQUATELY SAMPLE FOR TOTAL COLIFORM

Water System Name: Byron

County: Peach

Date of Release: July 7, 2010

Contact Person: William McDaniel

Phone: (478) 956-2411

Mailing Address: 401 Main Street, P. O. Box 129

City: Byron State: Georgia Zip: 31008

Violation: The Byron water system failed to collect and/or report an adequate number of samples for microbiological (Coliform) quality analysis during the compliance period 5/1/2009 to 5/31/2009.

The Georgia Department of Natural Resources, Rules for Safe Drinking Water establish the minimum number of drinking water samples to be analyzed by each public water system. The public has no assurance of safe drinking water when the supplier fails to monitor the drinking water quality. This violation does not pose a threat to the quality of the water supplied. Residents should not be alarmed and do not need to seek alternative water supplies. The supplier is taking corrective actions to insure that an adequate sampling program will be maintained.

Any questions should be directed to the contact person listed above.
